—love—

Can you believe it, February already?

This month marks a few important days besides Valentine's Day:

February 1, 2022 - Chinese New Year

February 2, 2022 - Groundhog Day

February 21, 2022 - Family Day

February 26, 2022 - General Assembly

Location to be determined

**February is also known as Black History Month!
Just a tad of trivia for you**

We're working hard to make sure we get the newsletter out faster for you.

Stay safe and social distance

**Just a reminder - The band office is closed

Kathy Kenney

I wanted to thank everyone for their support, kind words, thoughts and prayers, during this difficult time, they mean so much. It was with a very heavy heart that we had to announce the passing of my mom Kathy Kenney, on January 2nd, 2022.

My mom fought one heck of a battle this past year, and had endured so much pain and agony, and is now finally at peace. I truly believe she has moved on to a better place, reunited with so many wonderful people.

She was a kind, generous, caring and compassionate woman, who loved with her whole heart. I am so happy she found Jay, they truly were soulmates, and my heart aches deeply for his loss. He was her everything, and she was his, and we are so glad to have him in our lives. She loved roaming free with him, on the open road on their motorcycle, just to explore nature's beauty. They traveled all over Ontario, where ever their hearts landed them, to go fishing, hiking, or just relax and take in the scenery.

My mom took so much pride in her kids, and her grandbabies, and she loved to let the world know. She shared every little accomplishment, big and small, and loved them all to pieces. She loved spending time with her momma, and her siblings, and was always trying to get everyone together, for birthdays, special occasions, and often just because. Her family always came first.

My mom was very proud to be Native! She was very strong spirited and always stood up for everything she believed in. She wasn't afraid of anything, or anyone. She had a true love for nature, and was very in touch with her Indigenous roots. She was always trying to do her part to make the world a better place. She loved all animals, and rescued many. She held fundraisers for all different causes, and had a true love for her horses, Mixan and Triggs.

She was a talented artist, who created many different works of art in all forms, from paintings, to handmade crafts and decor to beautiful beaded pieces, photography, even digital art. She was an amazing interior decorator, and created some of the nicest flowerbeds around. She took pride in making things beautiful and poured so much care into everything she did.

My mom was a hard working woman, with a heart of gold, who always stood up for what she believed was right. She was fearless and brave, and a true inspiration to so many. I am grateful for all the memories, life lessons, and wisdom she has shared, but so deeply saddened that she had to leave us so soon. She is going to be missed beyond measure by so many, and will forever be cherished by those she loved.

Rest peacefully our beautiful angel, until we meet again, we love you forever, always, and a day!

Today we say "Until We Meet Again" to one of our own, Kathy Kenney. As we offer our Asemaa (Tobacco) and pray for her safe journey to the Spirit World, let us take a moment to Honour and Respect her life. May her love for her Nation continue through all of us!

FOSTER CARE HOMES NEEDED!

Historically, with First Nations, children were cared for by everyone. The extended family was like a second skin that everyone wore and all were grateful for the added security, nurturing and bonding that the extended family brought to the children of the Nation. The extended family brought strength and unity to the families and the Nation.

Inherent jurisdiction is not just about land rights, it is the sovereign right for First Nations to continue to determine what is right for our Peoples and how we go about implementing those determinations. The umbrella potentially shielding children and families of First Nations is our inherent jurisdiction. The strength of our child wellbeing jurisdiction depends on our citizens and their willingness to take on responsibilities of the extended family.

If you care about children and their well-being, perhaps you would be interested in opening your heart and your home to a child in need of security and a safe place to grow. Caldwell First Nation is seeking individuals willing to take on the responsibility of caring for a child or children temporarily in their home. Homes are required for short term, long term, respite (generally weekends) and potentially for adoption as well.

If you have a sincere desire to protect and care for Caldwell children who are temporarily separated from their family, please contact the Caldwell First Nation Band Representative at 519-322-1766 (office) or 519-329-0406 (can also text) or by emailing band.rep@caldwellfirstnation.ca for more information and to get started caring for our children!

Environment & Consultation Department

Boozhoo!

My name is Michelle and I am honored to be working with and for Caldwell First Nation. Today I am thankful for the blanket of snow too! This is a very busy and exciting time in the Environment & Consultation Department. Chi Miigwech to any one reading this, please know my work is for you and seven generations. Here is your February update:

- The last couple of months I have been getting acquainted with different tasks of a Consultation Coordinator, as we have recently had staffing changes.
- I am becoming familiar with the online portal www.consultwithcaldwell.ca as well as the database previous colleagues set up. I am doing my best to stay organized while working remotely. Navigating through the pandemic can be challenging keeping track of all incoming Environment & Consultation requests.
- CFN was 1 of 6 communities chosen to participate in using the Land Relationship Visioning Tool (LRVT). This an exciting tool to bring together ideas in a virtual way for how you as a Nation would like to keep this information for future use. The LRVT aim is to amplify your voices, thoughts and opinions about the species and spaces that matter to you.

- With guidance from leadership, I hope to help the CFN community bring to light ways in which meaningful engagement may occur, starting from the inside out.

February Focus: Land Relationship Visioning Tool

WHAT IS LAND RELATIONSHIP VISIONING?

- Looking to make decisions based on lands and waters within community needing protection.
- Multi-process to identify priority species & spaces.

LAND RELATIONSHIP VISIONING TOOL

A program designed by CIPS, with guidance from ECCC, to assist First Nation communities in:

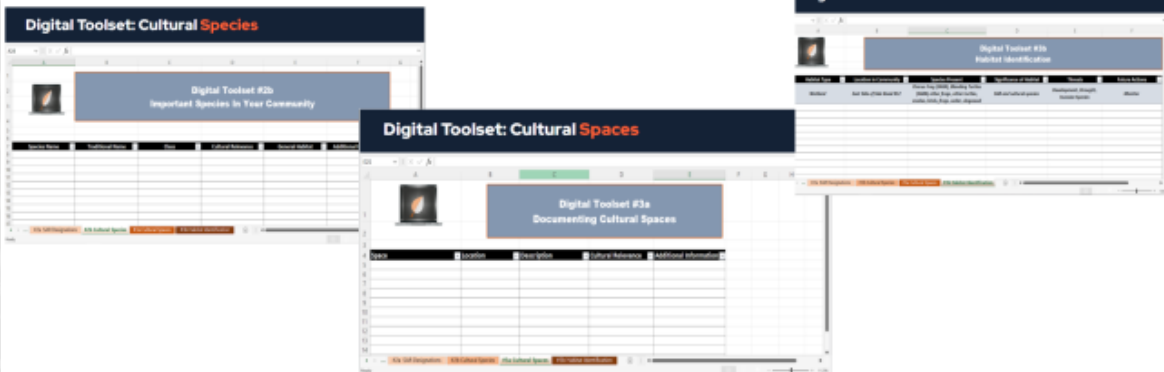

- Understanding
- Researching, and
- Documenting

Their distinct perspective of their own land.

IMPORTANCE OF LRV

- Reconnecting, maintaining, and/or enhancing relationship with the land.
- Land-use planning.
- Giving power to the community.
- Future generations.

Opportunity for CFN Members to add input!

If you are a CFN Band Member and are interested in participating with the LRV please contact:

Meet the Staff

Monica Ibrahim Junior Finance Assistant

Monica joined the Caldwell team as the Junior Finance Assistant in July 2021. It has been a refreshing experience. She enjoys working with everybody and the work that she does.

Monica attended triOS College in 2017 for the Accounting & Payroll Specialist program and graduated with distinction. That is also where she met one of my best friends, who will be standing up for her in her wedding this year. Her fiancé and her have been together for 10 years now and are preparing for their wedding this June.

Monica loves travelling and hopefully they are able to go on a Mediterranean cruise, as she's always wanted to see places around Europe. She's gone snorkeling in Mexico, hiked the Smoky Mountains in Tennessee, and experienced the Canada Day fireworks at the Navy Pier in Chicago. The world is a beautiful place and each location has its breathtaking views.

Her absolute favorite season is Summer, so in her spare time, you'll find her lounging poolside, playing games and just being outdoors soaking up the sun. It's one of her favorite things to do and is something she looks forward to every year. Monica also enjoys going to the spa, playing some video games and when she can, spending the day at an aquarium.

"I look forward to continuing to thrive with Caldwell First Nation and seeing more great things to come."

Suzie Sawicki
Executive Support Specialist

Suzie serves in the role of Executive Support Specialist at Caldwell First Nation, a position she has held since March 2021. Supporting the Director of Operations in an administrative capacity, she interprets public policy, researches developmental strategies for new projects, drafts reports, and coordinates information for continuous workflow. She supports several other departments as well. Her projects span tourism and housing initiatives with Economic Development, strategic planning and onboarding services with Special Projects & Human Resources, and education projects with Culture & Language.

Suzie worked on Indigenizing departmental curriculum as the Assistant Indigenous Research Developer at the University of Windsor prior to her position at Caldwell First Nation. She will be graduating from the University of Windsor with a degree in International Relations and Business Administration this spring and will be continuing on with her graduate studies at the University of Toronto this fall.

"When not spending time with my big Polish family or hanging out with friends, I enjoy taking train trips, listening to kpop, and exploring the national parks of Canada."
